

SCIENCE EXPLORERS

Open to children in upper KS2, Science Explorers allows older or mature children to enjoy even more science with a deeper dive into the topics and themes of the week. Our Science Explorers is hosted in a smaller group with a dedicated instructor. The children will have more time to explore the science at hand to a deeper level and share a depth of knowledge with their dedicated Mad Science mentor.

What They'll Get

- Smaller Group Sizes (capped at 10)
- More In-depth Science Knowledge
- Opportunity to get Hands-On with some of the instructor demos.
- Mad Science Journal
- Mad Science Explorers Patch

Expectations

- Upper KS2 age
- Good Ability to listen and follow instructions
- Good behavioral maturity
- Eagerness to learn and discover

Please Note:

Science Explorers will only run if minimum required numbers are achieved.

Should sufficient numbers not be reached, your booking will revert to a standard camp booking and they will be included in the main group's registers.

Camp explorers will be hosted in a separate area within the same venue and location.

Camp content order will be different for Explorers / Main Cohort. See activity descriptions below for order.

HOW TO BOOK?

Click through to our Science Explorers page [<link to website>](#) to find all locations and venues. Then select your choice and complete online booking as standard.

You will get a booking confirmation once booking is complete.

Need to book using Childcare Vouchers? Please consult our guidance [here](#) and follow the process with your Science Explorers Camps.
